

# CHARTER BROKERAGE

Cyan

*Cyan*, Codecasa's 48.7m motor yacht, is newly available for charter through Fraser Yachts. Built in 1997, she underwent a €5 million rebuild in 2008, with a completely different look to the saloon, dining room and sky lounge, as well as a redecorated owner's cabin. The sundeck has also been rebuilt, incorporating a hot tub, bar, gymnasium, outdoor movie screen and dining and sunbathing areas. Accommodating 10 guests in five cabins, *Cyan's* upgrades should ensure her popularity on the charter market. Charter rates in the Western Mediterranean in summer 2009 are €205,000 per week high season or €195,000 per week low season, while in winter 2009 she is available in the Caribbean at \$230,000 per week.
